2. Introduction

2.1 Saxo Capital Markets UK Ltd is a company registered in England (number 7413871) with registered office at 40 Bank Street, Canary Wharf, London E14 5DA and is regulated by the Financial Conduct Authority (registration number 551422).

2.2 We are authorised and regulated by the UK Financial Conduct Authority under the Financial Services and Markets Act 2000 and entered on the FCA's Register of authorised persons with number 551422. The FCA may be contacted at 25 North Colonnade, Canary Wharf, London E14 5HS or by telephone on 020 7066 1000.

2.3 Our main business is to provide online brokerage on all major financial markets combined with integrated trading platforms and solutions. Trading some of the products on offer within our brokerage service carries a high level of risk and can result in losses in excess of your initial capital deposited as well as gains. The Services described in this Agreement are not suitable for everyone and are designed for clients who are

knowledgeable and experienced in the financial services market and in the types of transactions described in these General Business Terms.

2.4 You should not deal in the products or sign up to receive the Services described in these General Business Terms unless you understand their nature and the extent of your exposure to risk. You should also be satisfied that the products and services are suitable for you in the light of your circumstances and financial position. An explanation of the risks associated with the types of the products offered by us is set out in the Information Notice and you should ensure you fully understand such risks before accepting these General Business Terms. You should read these Terms carefully, including the Commissions, Charges & Margin Schedule, the Conflict of Interest Policy, the Order Execution Policy and the Product Risk Categorisation and any other documents that we have supplied or will supply to you in the future. If you are not experienced in the types of transactions described in these General Business Terms or if you are unsure about any of the terms, you should seek advice from your independent financial adviser.

2.5 Our dealings with you will be conducted in the English language. These General Business Terms are supplied to you in English.

2.6 We reserve the right to communicate with you using any Durable Medium, but we will normally contact you in writing or email in accordance with the Notices Clause below. You may communicate with us using email, fax, in writing or by telephoning us.

- 2.7 These General Business Terms and the Information Notice set out matters which we are required to disclose to you under the FCA Rules.
- 2.8 Please note that Transactions that require the provision of Margin products such as futures, FOREX, options and contracts for difference may result in liability dependent on future uncertain events and give rise to the obligation for you to provide us with Margin. More details can be found in Clause 10.
- 2.9 In order to provide investment services to you, we may provide an introduction or make arrangements with a view to you dealing with an overseas person who is not authorised to carry on investment business in the United Kingdom. The investment services undertaken on your behalf (or provided to you) by such person are not covered by the rules and regulations governing the protection of investors in the United Kingdom. This means that you will not have the benefit of rights, including compensation arrangements, designed to protect investors under FCA Rules. Similar protections may, however, be provided in the jurisdiction within which the business is to be carried on.
- 2.10 These General Business Terms, the Information Notice, the Client Application Form and the terms of each Transaction as they may be amended or supplemented from time to time together constitute a single agreement between you and us and are referred to as the Terms.

3. RISK ACKNOWLEDGEMENT

- 3.1 You should be made aware that trading and investments in leveraged as well as unleveraged Contracts is:
- i highly speculative;
 - ii may involve an extreme degree of risk; and
 - iii is appropriate only for persons who, if they trade on Margin, can assume risk of loss in excess of their Margin deposit.
- 3.2 You acknowledge and agree that:
- i because of the low Margin normally required in Margin Trades, price changes in the underlying asset may result in significant losses, which losses may substantially exceed your investment and Margin deposit;
 - ii when you instruct us to enter into any Transaction, any profit or loss arising as a result of a change in the value of the asset or the underlying asset will be entirely at your risk;
 - iii you are willing and able, financially and otherwise, to assume the risk of trading in speculative investments;
 - iv you are aware that, unless otherwise agreed, we shall not conduct any continuous monitoring of the Transactions already entered into by you. We will not be held responsible for the Transactions developing differently from what you might have expected and/or to your disadvantage;
 - vi You acknowledge and accept that

guarantees of profit or immunity from loss are impossible in investment trading; and

- vii You acknowledge and accept that you have received no guarantees or similar representations of whatever nature as described in Clause 3.2 (vi) above from us, an Introducing Broker, or representatives thereof or any other entity with whom you have a SCML account.

4. CLIENT CATEGORISATION

4.1 In accordance with the FCA Rules, we classify our clients into three main categories:

- a) Eligible Counterparties (ECPs);
- b) Professional Clients; and
- c) Retail Clients,

as each of these terms is defined in the FCA Rules.

4.2 We will treat you as a Retail Client (unless we notify you in writing to propose that we treat you as a different type of client under FCA Rules). As a retail client you may have the right to elect to be re-categorised as a professional client. We will consider each request on a case by case basis, but will only accept such a request where we are able to do so in accordance with FCA Rules.

4.3 There are different levels of regulatory protection to each category of clients. In particular, Retail Clients are afforded the most regulatory protection; Professional Clients and ECPs are considered to be

more experienced, knowledgeable and sophisticated and better able to assess their own risk and are therefore afforded fewer regulatory protections. However this does not mean that you will automatically be eligible to bring a claim under any investor compensation scheme or ombudsmen service available

4.4 Before activating your Account we are required by FCA Rules to carry out an Appropriateness Assessment. We will do this by asking you to answer certain questions, contained in the Client Application Form so that we can assess your knowledge and experience of the relevant product or service.

4.5 When assessing your Client Categorisation and afterwards when dealing with you, we will rely on the truth, accuracy and completeness of the information provided by you, including the information provided on the Client Application Form. You expressly consent to us using and relying on all such information in making our assessment and in our dealings with you.

4.6 If there is a change in your personal circumstances you must notify us immediately of the change so that we can consider your categorisation.

4.7 We may review your Client Categorisation from time to time, upon request or otherwise, and may re-categorise you as we think fit.

4.8 We reserve the right to choose whether or not to provide services under the requested classification following the outcome of a further Appropriateness Assessment.

5. SERVICES

5.1 Subject to you fulfilling your obligations under these Terms, we may enter into Transactions with you in the following investments and instruments:

- i Futures and CFDs on the following underlying assets: commodities, securities, interest rate and debt instruments, stock or other indices, currencies and base and precious metals;
- ii Spot and forward bullion, currencies, and OTC derivatives;
- iii Securities, including shares, bonds, and other debt instruments, including government and public issues;
- iv Options and warrants to acquire or dispose of any of the instruments above, including options on options;
- v Managed assets whether as OTC or stock exchange traded instruments;
- vi Such other investments as we may from time to time agree with you, subject to Client categorisation; and
- vii You should ensure that you have carefully read the risk descriptions in relation to each of these products set out in the Information Notice at Schedule 1 before entering into Transactions or Contracts.

5.2 The Services provided by SCML may involve:

- i Transactions that require the provision of Margin;
- ii Short sales (i.e. sales where one party to

the Contract is obliged to deliver an asset which it does not possess); or

- iii Transactions in instruments which are: traded on exchanges which are not recognised by the FCA or designated investment exchanges according to the FCA Rules; and/or not traded on any stock or investment exchange; and/or not immediately and readily realisable.

5.3 Orders may be placed as market orders to buy or sell as soon as possible at the price obtainable in the market, or on selected products as limit and stop orders to trade when the price reaches a predefined level. Limit orders to buy and stop orders to sell must be placed below the current market price, and limit orders to sell and stop orders to buy must be placed above the current market price. If the bid price for sell orders or ask price for buy orders is reached, the order will be filled as soon as possible at the price obtainable in the market. Limit and stop orders are executed consistently with our Order Execution Policy. We do not guarantee orders will be executed at the specified price or amount, unless explicitly stated by us for that specific order. For further information on order types please refer to the Commission, Charges & Margin Schedule on our Website.

5.4 If you enter into a market order on the Trading Platform outside of market hours, that market order will not be executed until the market re-opens.

5.5 When carrying out OTC, options and futures Transactions, we act as Principal and therefore carry out Transactions in our own name. When carrying out

Exchange Contracts (with the exception of options and futures Contracts) we will act as agent on an undisclosed principal basis, and therefore carry out transactions on our own name but on your behalf and you will be directly responsible for the Transaction.

5.6 We will treat you as our client and will provide the Services to you and hold you responsible for your obligations under these Terms. This remains the case even if you notify us that you are acting as the Agent of an identified Principal, unless we agree in writing to treat that Principal as our client, or you appoint an Agent to act on your behalf and complete a Power of Attorney.

5.7 We may provide information or disseminate research to you from time to time. You acknowledge and accept that we shall not be responsible or liable in any way for the outcome of any Transaction or Contract entered into by you in reliance on any information or research provided by us except in the case of our fraud, gross negligence or wilful default. You further acknowledge, and accept that:

i All Transactions in exchange-traded investments and Contracts can be affected by Market Rules including but not limited to circumstances such as an emergency situation or under Abnormal Trading Conditions;

ii If any exchange, clearing house or other organisation or market takes any action which affects a Transaction or Contract then we may take any action we consider necessary or desirable to protect the

interests of you and/or us;

iv We shall not be held liable for any loss suffered by you (as further stipulated in Clause 22) as a result of the acts and/or omissions of any exchange, clearing house or other organisation or market or any action reasonably taken by us as a result of such acts and/or omissions except in the case of our fraud, gross negligence or wilful default in connection therewith;

v Where any Transaction is effected by us as Agent for you, delivery or payment (as appropriate) by the other party to the transaction shall be at your risk;

vi Our obligation to deliver investments to you or to account to you or any other person on your behalf for the proceeds of sale of investments shall be conditional upon us receiving deliverable documents or sale proceeds (as appropriate) from the other party or parties to the Transaction;

vii We may in whole or in part, on a permanent or temporary basis withdraw any account facility provided to you. Situations where we may take such action include situations where:

i We reasonably believe that you may be in possession of Inside Information;

ii We reasonably believe that there are Abnormal Trading Conditions; or

iii We are unable to calculate prices in the relevant Contract due to the unavailability of relevant market information.

We will provide you with written notice of

the withdrawal and the reasons for it, where possible, before the withdrawal and if this is not possible immediately thereafter, unless the provision of such notice would be unlawful.

- 5.8 The decision about whether to proceed with an individual Transaction, and the details of that Transaction, lies solely with you. You should familiarise yourself with the specific features of your Transaction and consider the advantages and disadvantages before deciding to proceed with a Transaction.
- 5.9 We will not provide any advice to you on or in relation to any tax issues related to any Services. **You should obtain independent advice with respect to the tax implications of any Services.**
- 5.10 In certain circumstances, we may have to cancel a Transaction you have made on the Trading Platform, for example, if the relevant exchange the Transaction is traded on, does not allow us to complete the Transaction. In such cases, we will endeavour to notify you as soon as possible and inform you of the reason, unless we are prevented from doing so by law.
- 5.11 To the extent that the Transactions between you and us are subject to EMIR the provisions set out in Annex 1 and Annex 2 will apply. However, you may opt-out of the provisions of Annex 2 by emailing us at:
UKSupport@saxomarkets.com
- 5.12 If you opt-out of the provisions of Annex 2, we will provide you with information that may be of assistance to you in

reporting Transactions yourself.

- 5.12 To the extent that you wish to use your Account to access and place trades through TradingFloor.com, the provisions set out in Annex 3 will apply.

6. DEALINGS BETWEEN SAXO AND THE CLIENT

- 6.1 You or any person granted Power of Attorney by you and notified to us in accordance with Clause 6.2 (an **Authorised Person**) may provide us with verbal or written instructions concerning any Transaction or proposed Transaction or any other matter which shall include instructions provided via the internet or by e-mail as described below). If you are a legal entity, you must notify us in writing of which individuals in that legal entity will be Authorised Persons, but these individuals are not required to be authorised using a Power of Attorney. We shall acknowledge receipt of the instructions verbally or in writing, as appropriate.
- 6.2 You shall provide us with written notification of the persons to whom you have granted a Power of Attorney. If you at any time wish to revoke or amend a Power of Attorney or grant Power of Attorney to a different person in place of the existing Attorney, you shall inform us in writing immediately. We will be entitled to rely on your written notification without further enquiry as to whether the Power of Attorney has been granted, revoked or amended lawfully.
- 6.3 Subject to the provision within the Power of Attorney, you authorise us to rely and

act on any order, instruction or communication we receive from you or an Authorised Person without further enquiry as to the authenticity, genuineness, authority or identity of the person giving or claiming to give such instructions. You will be responsible for and bound by all obligations we enter into or assume on your behalf and will be accountable to us for all losses, expenses, costs and liabilities we may suffer as a result of or in connection with such orders, instructions or communications.

6.4 We may decide to refuse to accept any order or instruction, provided that we inform you of our refusal as soon as reasonably practicable. We will endeavour to provide you with a reason for any refusal unless provision of such notice would be unlawful.

6.5 In order to give effect to your instructions, we may instruct a Counterparty selected at our discretion and in any event shall do so where the Transaction is to be subject to the rules of an exchange or market of which we are not a member.

6.6 We shall not be responsible for losses resulting from the acts/omissions of any Counterparties except where such losses were caused by our fraud, gross negligence or wilful default.

6.7 In addition to the terms listed on our Website (i.e. the Conflict of Interest Policy and the Order Execution Policy) and the terms stated in Clause 8 regarding the Trading Platform, the following terms apply to Contracts executed on the internet:

i We may offer you real-time tradable prices. If there is any delayed transmission between you and us whereby the price offered by us has changed before an order from you is received or your order is based on the delayed price, you acknowledge that we shall be entitled to substitute the price on which the order is given to the prevailing real-time market price at the time we received your order as opposed to the delayed price as transmitted;

ii The Trading Platform may be available in several versions, which may be differentiated in various respects including, but not limited to the level of security applied, products and services available etc. We shall not be liable to you for any loss, expense, cost or liability sustained by you due to you using a version of the Trading Platform different from our latest updated version as long as we have made reasonable efforts to inform you of latest version of the Trading Platform;

iii You shall be responsible for all orders, and for the accuracy of all information, sent via the internet using your name, password or any other personal identification means implemented to identify you;

iv It is your responsibility to keep your password(s) secure and confidential. You must not share your password details with any other party unless that party has completed and returned the prescribed Power of Attorney to us. If you have told someone your password or log-in details, or suspect that someone may know your password or log-in details, please notify us

immediately by calling us on +44 (0) 207 151 2041 or emailing us at clientservices@saxomarkets.com;

- v If you are a legal entity or firm using the Trading Platform you and any Authorised Person shall be liable to us for all Contracts and Transactions executed by use of your password;
 - vi The Settlement/Trade Confirmation forwarded by us or made available to you on the Trading Platform constitutes our sole confirmation of execution.
- 6.8 Any instruction sent via the Trading Platform or by e-mail shall only constitute a valid instruction and/or binding Contract between us and you when such instruction has been recorded as executed by us and confirmed by us to you through the Settlement/Trade Confirmation and/or an Account Statement. The mere transmission of an instruction by you shall not constitute a binding Contract.

7. INSTRUCTIONS

- 7.1 You shall promptly give any instructions to us, which we may reasonably require. If you do not give such instructions promptly, we may, at our reasonable discretion, take such steps at your cost, which we consider necessary or desirable for our or your protection. This provision shall also apply where we have tried but are unable to obtain contact with you and it is necessary for us to receive your instructions as quickly as possible.
- 7.2 We (or the relevant sub-custodian as referred to in Clause 12.1) will notify

you, in accordance with the Notices Clause below, of any corporate action which requires your instruction in relation to any Securities held by us on your behalf.

- 7.3 If you do not notify us of your intention to exercise an option or to act on corporate action which requires your instruction within the time stipulated by us, we may allow the option or corporate action to lapse or at our reasonable discretion, elect the treatment that provides you with a favourable outcome.
- 7.4 We will not inform you about any ordinary or extraordinary general meeting or any extraordinary information communicated by the issuer of any Securities held by us on your behalf. Unless otherwise specifically agreed you, you will not be entitled to vote at any shareholders' annual general meetings. 7.5 We may, in our reasonable discretion, require confirmation from you in such form as we may reasonably request in the following circumstances:
- (i) we have received an instruction to close an Account;
 - (ii) we are required to return money due to you; or
 - (iii) we have received an instruction from you in relation to a Transaction that we reasonably consider to be unclear or unusual.
- 7.6 SCML does not guarantee that you will be able to enter into Transactions on the Trading Platform to the extent that those Transactions are subject to corporate actions.

- 7.7 We shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistently with our Order Execution Policy. However if, after instructions are received, we believe that it is not reasonably practicable to act upon such instructions within a reasonable time, we may defer acting upon those instructions until it is, in our reasonable opinion, practicable to do so.
- 7.8 We may in accordance with the Order Execution Policy aggregate your orders with our own orders, orders of any of our associates and/or persons connected with us including employees and other clients. Furthermore, we may split your orders when executing them. Orders will only be aggregated or split if we reasonably believe it is in your best interests. You accept that aggregation and split of your order may result in you obtaining a less favourable price than if your orders had been executed separately.
- 7.9 From time to time it is possible that errors may occur in the pricing of Transactions. Notwithstanding the rights that you have under Market Rules, we reserve the right to void, or to amend the terms of, any Transaction that we reasonably believe, at our sole discretion, to contain or be based on an obvious or palpable error (a **Manifest Error**). In deciding whether an error is a Manifest Error we may take into account any relevant information including, the state of the underlying market at the time of the error and any error within, or lack of clarity of, any information source or pronouncement. In deciding whether or not there has been a Manifest Error, we will make reasonable efforts to take into account any financial commitments that you have made or refrained from making in reliance on a Transaction.
- 7.10 In the absence of our fraud, wilful default or negligence, we will not be liable to you for any losses following a Manifest Error. In the event that a Manifest Error is made by any information source, commentator or official on whom we reasonably rely, we will not be liable to you for any losses, except for our fraud, wilful default or negligence.
- 7.11 Trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping") are not acceptable. Provided that we can demonstrate that at the time of execution of the trade there were errors in prices, commissions, or in the Trading Platform, and provided we can reasonably demonstrate that you, based on your trading strategy or other behaviour, deliberately and/or systematically exploited or attempted to exploit such an error, we are entitled to take one or more of the following counter measures:
- i adjust the price spreads available to you;
 - ii restrict your access to streaming, instantly tradable quotes, including by providing manual quotations only;
 - iii reclaimed from your account any historic trading profits that we can demonstrate have been gained through such abuse at any time; and/or
 - iv terminate the account facility immediately by giving written notice.

7.12 We may also take any of the counter measures detailed in Clause 7.11 if we can reasonably demonstrate that you have entered into a trading strategy on the Trading Platform aimed at delaying or preventing any other person's access to a Transaction on the Trading Platform.

7.13 If you are a Joint Accountholder:

- i the liabilities of the Joint Accountholder shall be against each Joint Accountholder as an individual and by all Joint Accountholders together;
- ii we will treat the Joint Account holders as having ownership jointly to the instruments kept in the joint account and will thus not segregate the assets on the account among the Joint Account holders;
- iii we may act upon instructions received from any Joint Accountholder, or any person who appears to us to be such a Joint Accountholder;
- iv any notice or other communication provided by us to any Joint Accountholder shall be deemed to have been provided to all Joint Accountholders;
- v you accept that we are allowed to reveal all information about the joint account(s) to any Joint Account Holder; and

7.15 If we are instructed to enter into a position opposite to one or more of your open positions, we will close out the opposite position in accordance with FIFO principles unless the position has related orders or as otherwise agreed.

7.16 You acknowledge that we may, in our absolute discretion, close directly opposite positions. This applies not only when the positions are held on the same account, but also when they are held on separate accounts or sub-accounts.

7.17 If you operate several Accounts (or sub-accounts) and opposite positions are opened on different Accounts (or sub-accounts), if we do not take steps to close directly opposite positions, you acknowledge that all such positions may be rolled over on a continuous basis and thereby consequently incur a cost for such roll-over. Such cost will be calculated in accordance with the Commissions, Charges and Margin Schedule and will be notified to you in writing in advance.

Such monitoring may cause registration of payments to be delayed, stopped or frozen. We cannot be held liable for any losses arising from the obligation to monitor the cash flow.
- 10. MARGINS, SECURITY, PAYMENTS AND DELIVERY**
- 10.1 We will require you to provide and maintain an amount of Margin in your Account that we consider appropriate. You should note that, depending on the nature of the Transaction, you may have to make additional payments if the Transaction fails to be completed or if the settlement or closing out of your position takes place early. You may be required to make further Margin payments against the purchase price of the investment, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the market price of your

investment will affect the amount of Margin payment you will be required to make.

10.2 You agree to provide us with payments of Margin that we reasonably require to protect ourselves against loss or risk of loss on present, future or contemplated Transactions under these Terms. Different Margin requirements may apply to different accounts and/or investments traded. You may be required to add to this Margin at any time when your Account shows a debit balance or an increase in your Margin requirement.

10.3 Margin in relation to a particular type of Transaction will be provided in cash. We may in our discretion allow you to provide Margin in the form of Securities that we agree from time to time.

10.4 Our Margin requirement shall apply throughout the term of the Margin Trade. It is your responsibility to ensure that sufficient Margin is available on your Account at any time. If, at any time during the term of a Margin Trade, the Margin available on the Account is not sufficient to cover our Margin requirement, you are obliged to reduce the amount of open Margin Trades or transfer adequate funds to us. Even if you take steps to reduce the size of open Margin Trades or to transfer sufficient funds to us, we reserve the right to close one, several or all of your Margin Trades or part of a Margin Trade and/or liquidate or sell Securities or other property at your Account at our reasonable discretion without assuming any responsibility towards you for such action, if we reasonably consider that you may not be

able to meet your obligations to us under these Terms.

10.5 If you have opened more than one Account, you will not be able to hold Margin in one Account in order to satisfy your Margin requirement in another Account. However, you are entitled to hold Margin in one sub-Account in order to satisfy your Margin requirement in another sub-Account. You agree that we are entitled to transfer money or Security from one Account to another, even if such transfer will necessitate the closing of Margin Trades or other trades on the Account from which the transfer takes place.

10.6 You acknowledge that the details of the Margin Utilisation level on your Account are available in real-time by logging on to the Trading Platform. You agree that it is your responsibility to be aware of the Margin required at all times for all Transactions that you open with us and that you shall pay such Margin.

10.7 You agree that your obligation to pay Margin will exist whether or not we contact you regarding your Margin obligation. Although we may contact you to inform you that the Margin Utilisation level on your Account is close to the maximum Margin Utilisation amount permitted on the Account, we are not under any obligation to keep you informed of your account balance and Margin required. It is your responsibility to monitor your Account and maintain adequate level of value of acceptable collateral and/or funds if you wish to avoid compulsory close-out if the market moves against your open positions.

10.8 Unless otherwise agreed in writing, you acknowledge that your failure to pay any Margin required in relation to your Transactions will be regarded as an Event of Default and that we may initiate, on your behalf, compulsory close-out of any and all open Margined positions when the level of Margin Utilisation for the Account reaches or breaches the maximum level provided in the Commissions, Charges and Margin Schedule at any time whatsoever. However, we are under no obligation to close out or liquidate any Transactions or take any other action in respect of positions opened or acquired on your instruction if you fail to pay Margin when required. You agree that any foreseeable losses resulting from the compulsory close-out of open Margined positions will be borne by you.

10.9 Our general Margin requirements for different types of Margin Trades are displayed on our Website. However, we reserve the right to determine specific Margin requirements for individual Margin Trades and will notify you of any such specific Margin trades in advance.

10.10 We will be entitled, at any time and where we reasonably consider it necessary, to increase the Margin on open Margin Trades if we consider that the risk has increased and shall notify you of such change by any means permitted in these Terms.

10.11 All cash Margin and other payments due from you under these Terms shall be made in freely transferable funds in the currency and to the bank account(s) that we may from time to time specify. If you make a payment subject to withholding

or deduction you shall pay such additional amounts to ensure that the amounts received by us will equal the full amount we would have received had no withholding or deductions been made.

10.12 You acknowledge and accept that we have the right, in addition to any other rights we have under these Terms, or under Market Rules, to limit the size of your open positions (net or gross) and to refuse orders to establish new positions. We will inform you as soon as possible regarding such refused orders and the reason for the refusals. Situations where we may exercise such right include, but are not limited to, where:

- i We reasonably believe that you may be in possession of Inside Information;
- ii We reasonably believe that there are Abnormal Trading Conditions;
- iii the value of your Security falls below the minimum Margin requirement as specified by us; or
- iv you have a negative cash-balance on any Account.

11. CLIENT MONEY

11.1 As a Retail Client, any money held by us on your behalf will be treated as client money within the meaning of the Client Money Rules. We will, on receiving client money, promptly place this money into a segregated client account held at our custodian bank, and in any event no later than close of next business on the day on which we receive it.

11.2 We may pass money received from you to

a third party (e.g. a market, intermediate broker, OTC counterparty or clearing house) to hold or control in order to make a Transaction through or with that person or to satisfy your obligation to provide a deposit (such as an initial requirement that you provide Margin) in respect of a Transaction. Although we will remain responsible for money received from you even if we pass it to a third party, you may be exposed to the additional risk that, in the event of an insolvency or similar in relation to that third party, the amount of money received by us from the third party may not be sufficient to satisfy your claims. However, you may still be able to claim against us for any outstanding amounts.

11.3 We may hold client money on your behalf outside the EEA. The legal and regulatory regime applying to any bank or person that holds your money outside the EEA will be different from that of the United Kingdom. As a result, should that bank or person go into insolvency or similar proceedings, your money may be treated differently than it would have been if the money was held with a bank in the United Kingdom. We will not be liable for the insolvency, acts or omissions of any third party referred to in this sub-clause.

11.4 To avoid doubt, you accept that you will not be entitled to any interest received in the segregated client account held at our custodian bank and that we shall retain all such interest.

11.5 We will pay interest to your Account based on the interest calculation and rates as specified to you on our Website

unless we have agreed otherwise in writing.

11.6 If you are categorised as a Professional Client or an Eligible Counterparty, we may treat any money held by us on your behalf as a transfer of full title or full ownership of such money by you to us for the purpose of securing or otherwise covering your present or future, actual, contingent or prospective obligations unless we agreed with you otherwise in writing. Accordingly, such money will not be regarded by us as client money.

11.7 You agree that, in the event that there has been no movement on your account balance for a period of at least six years (notwithstanding any payments or receipts of charges or similar items) and we are unable to trace you and return your account balance to you, despite having taken all reasonable steps to do so, we may cease to treat your money as client money and accordingly release any client money balances from the segregated account. However, if at any point after this time, you ask us to return your account balance to you, we will do so if your account balance is in credit.

12. CUSTODY ASSETS

12.1 Where we hold your Securities as custodian in accordance with the FCA Rules in respect of client assets we may employ third parties to act as a sub-custodian or an agent in respect of your Securities. We may open accounts with and deposit Securities with the sub-custodian. Where we appoint a sub-custodian we will use reasonable skill and care in selecting, using and monitoring

them but we will not be liable for their acts or omissions, insolvency or dissolution other than as a result of our negligence, wilful default or fraud.

12.2 Securities will be held by, and registered in the name of you, or a nominee controlled by us or a sub-custodian.

Registration in the name of a nominee, custodian or sub-custodian may mean you lose incentives and shareholder benefits attaching to Securities.

12.3 You authorise us to arrange for some of your Securities to be held outside of the UK. Where this is the case Securities will be held by, and registered in the name of a third party or in our name where they will be subject to the settlement, legal and regulatory systems that apply in such jurisdictions. Practices for the identification of Securities may also differ depending in which jurisdiction they are held.

12.4 Your Securities may be pooled with those of other clients in one account, like with like. SCML will maintain records of your interests in the Securities which have been pooled. Your right to specific Securities may not be identifiable. Where there is a default by us or our sub-custodian resulting in a shortfall, you may be required to share in that shortfall in proportion to the value of the Securities which SCML or our sub-custodian hold for you with other clients. This does not limit your rights against us or our sub-custodian in any way.

12.5 Where your Securities are held by a nominee or sub-custodian, we cannot guarantee that you would not lose your

Securities if the nominee or sub-custodian fails. In order to show that the Securities are not available to the creditors of that nominee or sub-custodian we will take reasonable steps to ensure that their records show that the Securities are yours and that they do not belong to us, the nominee or sub-custodian.

12.6 You acknowledge, accept and expressly consent that SCML are entitled to:

i pass on Security received from you in order to satisfy our obligations to any third party;

ii charge, pledge or grant any security arrangement over Security in order to satisfy our obligations to any third party in which case the Security may or may not be registered in your name;

iii lend Security to any third party in which case the Security may or may not be registered in your name;

iv return to you equivalent Security in place of the original Security deposited by you.

12.6 We shall not be obliged to account to you for any income received by us as a result of carrying out any of the activities described in Clause 12.

12.8 Securities held or deposited with us cannot be put up as Security, in whole or in part for any of your obligations towards another third party without the written consent from us, such consent shall not to be unreasonably withheld.

12.9 Unless the terms applying to a particular type of Transaction specify otherwise, the collateral value of the Security that you

provide will be valued by us on the basis that we reasonably determine to be appropriate. This valuation may reflect, amongst other things, our view as to the level of availability of the assets provided as Margin or the discount to the current market value of the Margin that we consider reflects its market risk.

12.10 We or the sub-custodian appointed shall be responsible for claiming and receiving all interest payments, income and other unless otherwise agreed, any dividends paid on Securities held on custody by us will be paid to you less any applicable default withholding tax and will be credited to your Account.

12.11 You authorise us and our sub-custodian to hold or transfer Securities to securities depositories, clearing or settlement systems, account controllers or other relevant systems.

13. ACCOUNTS

13.1 To the extent required under FCA Rules, we will make daily Settlement/Trade Confirmations in respect of any Transaction or Contract entered into by us with you or on your behalf and in respect of any open position closed by us for you available to you on the Trading Platform. Notwithstanding the above, Settlement/Trade Confirmations will normally be available instantly following the execution of the Transaction or Contract. We will not provide you with written Settlement/Trade Confirmations unless you request this in writing.

through the Trading Platform. The Account Summary will normally be updated periodically during SCML's opening hours. The Account Statement will normally be updated every Business Day with information for the previous Business Day. 13.3 You are obliged to verify the contents of daily Settlement/Trade Confirmations, the Account Statement and Account Summary, including when these documents are sent to you in electronic form from us. Such documents shall, in the absence of a Manifest Error, be deemed conclusive unless you notify us in writing to the contrary within 4 weeks after having received such documents.

14. COMMISSIONS, CHARGES, AND OTHER COSTS

14.1 You agree to pay to us the commissions and charges set out in the Commissions, Charges & Margin Schedule.

14.2 We may vary such commissions and charges without notice when the change is to your advantage, or the grounds for changes are due to external circumstances beyond our control. Such circumstances are:

i Changes in the relationship with our counterparties, which affect our cost structures; and/or

ii Changes in commissions and charges from exchanges, clearing houses, information providers or other third party

providers that are passed on to you by us.

14.5 We may share charges with our associates and other third parties or receive and retain payment from them in respect of Transactions carried out on your behalf. Details of any such payments or sharing arrangements will be made available to you before any such payments or sharing arrangements are made.

14.6 If you are required by law to deduct or withhold any sum for tax or other reasons, the amount owed to us will be increased, so that after you make such a tax deduction or withholding, we receive the same amount as if no such deduction

or withholding had been made.

14.7 We may impose certain reasonable additional charges as set out from time to time in writing to you, which you shall have to pay in the event that you do not comply with your obligations under these Terms. These additional charges may include, without limitation, any reasonable legal costs we may incur as a result of your failure to comply with these Terms. 17.5 If the Liquidation Amount is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of this amount.

Any Liquidation Amount not paid on the due date shall be treated as an unpaid amount and bear interest at the rate reasonably determined by us to be the

cost of funding that unpaid amount. Interest will accrue on a daily basis and will be due and payable by you as a separate debt.

17.8 For the purposes of any calculation under this clause, we may convert amounts denominated in any other currency into the Base Currency applicable to your Account at the current rate at the time of the calculation that we reasonably select.

17.9 Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or a Potential Event of Default with respect to you has occurred and is continuing.

17.10 Our rights under this clause shall be in addition to, and will not act to limit or exclude, any other rights which we may have (whether by agreement, operation of law or otherwise).

17.11 This clause applies to each Transaction entered into or remaining unsettled between us on or after the date these Terms takes effect.

17.12 Subject to Clause 17.6, the provisions of this clause shall not apply to any Transaction which is subject to liquidation and termination under another agreement. However, any sum resulting from a liquidation and termination under another agreement may be set off against the Liquidation Amount.

17.13 Unless otherwise agreed in writing between us, or the rules of any relevant

exchange provide otherwise, if we enter into any Transaction with you in order to close out any existing Transaction between us then our respective obligations under both such Transactions shall automatically and immediately be terminated upon entering into the second Transaction, except for any settlement payment due from one of us to the other in respect of such close-out.

Schedule 1

Information Notice

This Notice is provided by Saxo Capital Markets UK Ltd) (registered in England with number 7413871) whose registered office is at 40 Bank Street, Canary Wharf, London E14 5DA (**we**) to **you** in compliance with the **FCA Rules**.

All words and expressions defined in the Terms of business shall, unless the context requires otherwise, have the same meaning in this Notice.

The following statements are intended to make **you** aware of and disclose to **you** the nature and risk of certain investment types and trading strategies and potential for risk and loss that will arise in respect of trading on the financial markets.

This Notice cannot disclose all the risks and other significant aspects of either the investment types such as warrants and derivative products including futures, options, and contracts for differences, or the different trading strategies. Before undertaking any trading you must familiarise yourself with the product that you propose to trade and the way in which the market operates. Please ensure that you read all the information on our Website that is relevant to the trading that you propose to undertake with us. You should not deal in these products unless you understand their nature and the extent of your exposure to risk. You should also be satisfied that the product is suitable for you in the light of your circumstances and financial position. Certain strategies, such as a "spread" position or a "straddle", may be as risky as a simple "long" or "short" position.

Although warrants and/or derivative instruments can be utilised for the management of investment risk, some of these products are unsuitable for many investors. Different instruments involve different levels of exposure to risk and in deciding whether to trade in such instruments **you** should be aware of the following points:

1 SECURITISED DERIVATIVES

These instruments may give **you** a time-limited right or an absolute right to acquire or sell one or more types of investment, which is normally exercisable against someone other than the issuer of that investment. Or they may give **you** rights under a contract for difference, which allows for speculation on fluctuations in the value of the property of any description or an index, such as the FTSE 100 index. In both cases, the investment or property may be referred to as the "underlying instrument".

These instruments often involve a high degree of gearing or leverage, so that a relatively small movement in the price of the underlying investment results in a much larger movement,

unfavourable or favourable, in the price of the instrument. The price of these instruments can therefore be volatile.

These instruments have a limited life, and may (unless there is some form of guaranteed return to the amount **you** are investing in the product) expire worthless if the underlying instrument does not perform as expected.

You should only buy this product if **you** are prepared to sustain a total or substantial loss of the money **you** have invested plus any commission or other transaction charges.

You should consider carefully whether or not this product is suitable for **you** in light of **your** circumstances and financial position, and if in any doubt please seek professional advice.

2 FUTURES

Transactions in futures involve the obligation to make, or to take, delivery of the underlying asset of the contract at a future date, or in some cases to settle the position with cash. They carry a high degree of risk. The gearing or leverage often obtainable in futures trading means that a small deposit or down payment can lead to large losses as well as gains. It also means that a relatively small movement can lead to a proportionately much larger movement in the value of **your** investment, and this can work against **you** as well as for **you**. Futures transactions have a contingent liability, and **you** should be aware of the implications of this, in particular the Margining requirements, which are set out in paragraph 8 below.

3 OPTIONS

There are many different types of options with different characteristics subject to the following conditions.

Buying options:

Buying options involves less risk than selling options because, if the price of the underlying asset moves against **you**, **you** can simply allow the option to lapse. The maximum loss is limited to the premium, plus any commission or other transaction charges. However, if **you** buy a call option on a futures contract and **you** later exercise the option, **you** will acquire the future. This will expose **you** to the risks described under "futures" and "contingent liability investment transactions".

Writing options:

If **you** write an option, the risk involved is considerably greater than buying options. **You** may be liable for Margin to maintain **your** position and a loss may be sustained well in excess of the premium received. By writing an option, **you** accept a legal obligation to purchase or sell the

underlying asset if the option is exercised against **you**, however far the market price has moved away from the exercise price. If **you** already own the underlying asset which **you** have contracted to sell (when the options will be known as "covered call options") the risk is reduced. If **you** do not own the underlying asset ("uncovered call options") the risk can be unlimited. Only experienced persons should contemplate writing uncovered options, and then only after securing full details of the applicable conditions and potential risk exposure.

Traditional options:

Certain London Stock Exchange member firms under special exchange rules write a particular type of option called a "traditional option". These may involve greater risk than other options. Two-way prices are not usually quoted and there is no exchange market on which to close out an open position or to effect an equal and opposite transaction to reverse an open position. It may be difficult to assess its value or for the seller of such an option to manage his exposure to risk.

Certain options markets operate on a Margined basis, under which buyers do not pay the full premium on their option at the time they purchase it. In this situation **you** may subsequently be called upon to pay Margin on the option up to the level of **your** premium. If **you** fail to do so as required, **your** position may be closed or liquidated in the same way as a futures position.

4 CONTRACTS FOR DIFFERENCE

Futures and options contracts can also be referred to as contracts for difference. These can be options and futures on the FTSE 100 index or any other index, as well as currency and interest rate swaps. However, unlike other futures and options, these contracts can only be settled in cash. Investing in a contract for differences carries the same risks as investing in a future or an option and **you** should be aware of these as set out in paragraphs 5 and 6 respectively. Transactions in contracts for differences may also have a contingent liability and **you** should be aware of the implications of this as set out in paragraph 8 below.

5 OFF-EXCHANGE TRANSACTIONS IN CONTRACTS FOR DIFFERENCE

These transactions are not carried out on a recognised exchange or designated exchange and this may mean a higher level of risk is incurred by the investor. The betting structure and the betting roles are established solely by **us**. This means, for example, that if **you** wish to close the bet earlier than at the time at which it would otherwise automatically expire, **you** will have to close it at **our** quotation, which may reflect a premium or discount to the underlying market. When the underlying market is closed, **our** quotation can be influenced by the weight of other clients buying or selling. Bets entered into with **us** can only be closed with **us**.

6 OFF-EXCHANGE TRANSACTIONS IN DERIVATIVES

It may not always be apparent whether or not a particular derivative is arranged on exchange or in an off-exchange derivative transaction. **We** must make it clear to **you** if **you** are entering into an off-exchange derivative transaction.

While some off-exchange markets are highly liquid, transactions in off-exchange or non-transferable derivatives may involve greater risk than investing in on-exchange derivatives because there is no exchange market on which to close out an open position. It may be impossible to liquidate an existing position, to assess the value of the position arising from an off-exchange transaction or to assess the exposure to risk. Bid prices and offer prices need not be quoted, and, even where they are, they will be established by dealers in these instruments and consequently it may be difficult to establish what is a fair price.

7 FOREIGN MARKETS

Foreign markets will involve different risks from the UK markets. In some cases the risks will be greater. On request, **we** must provide an explanation of the relevant risks and protections (if any) which will operate in any foreign markets, including the extent to which **we** will accept liability for any default of a foreign firm through whom **we** deal. The potential for profit or loss from transactions on foreign markets or in foreign denominated contracts will be affected by fluctuations in foreign exchange rates.

8 CONTINGENT LIABILITY INVESTMENT TRANSACTIONS

Contingent liability investment transactions, which are Margined, require **you** to make a series of payments against the purchase price, instead of paying the whole purchase price immediately.

If **you** trade in futures, contracts for differences or sell options, **you** may sustain a total loss of the Margin **you** deposit to establish or maintain a position. If the market moves against **you**, **you** may be called upon to pay substantial additional Margin at short notice to maintain the position. If **you** fail to do so within the time required, **your** position may be liquidated at a loss and **you** will be responsible for the resulting deficit.

Even if a transaction is not Margined, it may still carry an obligation to make further payments in certain circumstances over and above any amount paid when **you** entered the contract.

Save as specifically provided by the **FCA**, **your** firm may only carry out Margined or contingent liability transactions with or for **you** if they are traded on or under the rules of a recognised or designated investment exchange. Contingent liability investment transactions which are not so traded may expose **you** to substantially greater risks.

9 LIMITED LIABILITY TRANSACTIONS

Before entering into a limited liability transaction, **you** should obtain from **us** or the firm with whom **you** are dealing a formal written statement confirming that the extent of **your** loss liability on each transaction will be limited to an amount agreed by **you** before **you** enter into the transaction.

The amount **you** can lose in limited liability transactions will be less than in other Margined transactions, which have no predetermined loss limit. Nevertheless, even though the extent of loss will be subject to the agreed limit, **you** may sustain the loss in a relatively short time. **Your** loss may be limited, but the risk of sustaining a total loss to the amount agreed is substantial.

10 COLLATERAL

If **you** deposit collateral as security with **us**, the way in which it will be treated will vary according to the type of transaction and where it is traded. There could be significant differences in the treatment of **your** collateral depending on whether **you** are trading on a recognised or designated investment exchange, with the rules of that exchange (and the associated clearing house) applying, or trading off-exchange. Deposited collateral may lose its identity as **your** property once dealings on **your** behalf are undertaken. Even if **your** dealings should ultimately prove profitable, **you** may not get back the same assets which **you** deposited, and may have to accept payment in cash. **You** should ascertain from **us** how **your** collateral will be dealt with.

11 COMMISSIONS

Before **you** begin to trade, **you** should obtain details of all commissions and other charges for which **you** will be liable. If any charges are not expressed in money terms (but, for example, as a percentage of contract value), **you** should obtain a clear and written explanation, including appropriate examples, to establish what such charges are likely to mean in specific money terms. In the case of futures, when commission is charged as a percentage, it will normally be as a percentage of the total contract value, and not simply as a percentage of **your** initial payment.

12 SUSPENSIONS OF TRADING

Under certain trading conditions it may be difficult or impossible to liquidate a position. This may occur, for example, at times of rapid price movement if the price rises or falls in one trading session to such an extent that under the rules of the relevant exchange trading is suspended or restricted. Placing a stop-loss order will not necessarily limit **your** losses to the intended amounts, because market conditions may make it impossible to execute such an order at the stipulated price.

13 CLEARING HOUSE PROTECTIONS

On many exchanges, the performance of a transaction by **us** (or third party with whom he is dealing on **your** behalf) is guaranteed by the exchange or clearing house. However, this guarantee is unlikely in most circumstances to cover **you** and may not protect **you** if **your** firm or another party defaults on its obligations to **you**. On request, **we** must explain any protection provided to **you** under the clearing guarantee applicable to any on-exchange derivatives in which **you** are dealing. There is no clearing house for traditional options, nor normally for off-exchange instruments which are not traded under the rules of a recognised or designated investment exchange.

14 INSOLVENCY

Our insolvency or default, or that of any other brokers involved with **your** transaction, may lead to positions being liquidated or closed out without **your** consent. In certain circumstances, **you** may not get back the actual assets which **you** lodged as collateral and **you** may have to accept any available payments in cash. On request, **we** must provide an explanation of the extent to which it will accept liability for any insolvency of, or default by, other firms involved with **your** transactions.

15 PAST PERFORMANCE

You should be aware that the price of the financial instruments that **you** are dealing with depends on fluctuations in the financial markets outside of **our** control and that past performance is no indicator of future performance.

16 NON-READILY REALISABLE INVESTMENTS

We may arrange or enter into transactions in non-readily realisable investments. These are investments in which the market is limited or could become so. **You** may have difficulty selling this investment at a reasonable price and, in some circumstances, it may be difficult to sell it at any price. Do not invest in such investments unless **you** have carefully thought about whether **you** can afford it and whether it is right for **you**.

17 DEALING IN SECURITIES WHICH MAY BE SUBJECT TO STABILISATION

This statement complies with the **FCA Rules**.

We, and/or **our** representatives, may from time to time carry out transactions on **your** behalf where the price may have been influenced by measures taken to stabilise it.

You should read the explanation below carefully. This is designed to help **you** judge whether **you** wish **your** funds to be invested at all in such securities and, if **you** do, whether **you** wish:

(a) to be consulted before **we** carry out any such transaction on **your** behalf;

or

(b) to authorise **us** to carry out any such transaction on **your** behalf without first having to consult **you**.

What is Stabilisation?

Stabilisation enables the market price of a security to be maintained artificially during the period when a new issue of securities is sold to the public. Stabilisation may affect not only the price of the new issue but also the price of other securities relating to it. The **FCA** allows stabilisation in order to help counter the fact that, when a new issue comes onto the market for the first time, the price can sometimes drop for a time before buyers are found.

Stabilisation is being carried out by a 'stabilisation manager' (normally the firm chiefly responsible for bringing a new issue to market). As long as the stabilising manager follows a strict set of rules, he is entitled to buy back securities that were previously sold to investors or allotted to institutions, which have decided not to keep them. The effect of this may be to keep the price at a higher level than it would otherwise be during the period of stabilisation.

The Stabilisation rules:

(a) limit the period when a stabilising manager may stabilise a new issue;

(b) fix the price at which he may stabilise (in the case of shares and warrants but not bonds);
and

(c) require him to disclose that he may be stabilising but not that he is actually doing so.

The fact that a new issue or a related security is being stabilised should not be taken as any indication of the level of interest from investors, or of the price at which they are prepared to buy the securities.

18 LISTED SECURITIES WHERE GEARING IS INVOLVED

In relation to listed securities where gearing is involved, the gearing strategy used by the issuer may result in movements in the price of the securities being more volatile than the movements in the price of the underlying investments. **Your** investment may be subject to sudden and large falls in value and **you** may get back nothing at all if there is a sufficiently large fall in **your** investment.

19 TRADING FACILITIES

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

20 ELECTRONIC TRADING

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake Transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfilment of the Margin requirements.

We intend to rely on this Information Notice. For your own benefit and protection, you should read this Information Notice carefully before agreeing to it. If you do not understand any point, please ask for further information or seek independent legal or financial advice.
